

*This course has challenged me to seek God more, change habits and do God's will.*

What does a vibrant walk with God look like? Why do so many of us find it difficult to spend daily time with God, and miss out on the abundant life that Jesus promises?

This day course will suggest some foundations for a more intimate walk with God, and provide some key tips and positive habits to help you consciously spend every day with God.

Learn why your identity is central to your relationship with God, how you can let go of the past and renew your mind, and become who God intended you to be.

The course is designed for those looking to review their walk with God, or who feel weary in service or life, and long for God to refresh and renew them.

---
